**Club Interests:**

- Club objects are to promote interest and education in gardening, perform community service and to cultivate friendships.
- Club projects are many and include the seasonal care/maintenance of the historic Fowler Pear Tree in Mukilteo and planting the park gardens. The club's commitment to this historic site has been in place since 1953.
  - Another project is the establishment/maintenance of the Rosehill Community Center quilt garden. The quilt motif reflects the collaboration of the club with the Mukilteo Lighthouse Quilters.

## Club Interests (cont'd)

- Every-other-year we collaborate with the Mukilteo Lighthouse Quilters to present the biennial tour of the Quilt and Garden tour. Our club selects the gardens and cooperatively promotes and coordinates the tour.
- Recently, the club has taken the responsibility of maintaining the large flower containers at the Mukilteo City Library.
- Evergreen Arboretum and Gardens and Legion Park in Everett: The club works in cooperation of the arboretum for their maintenance work days and membership support.”
- The club provides scholarships to selected horticulture students at Edmonds Community College. Funds from the Garden tour subsidize the scholarship program.
